Office of Public Advocacy	Establishing Guardianship	2 AAC 60.080 2 AAC 60.110	$100.00	$100.00	$200.00	For total fee increases combined, estimated to be $30,000.00 per month; up to $500,000.00 annually. Projected increases per month and year is based on a combined increase to almost all of the Public Guardian fees that are currently being charged to include the list rates as named in column B.	Designation: GF/PR Public Guardian (PG) fees have not increased since OPA was created in 1984. Costs have increased exponentially over time. OPA currently serves approximately 1,500 wards statewide. PGs manage all areas of a ward's life including all medical and financial decisions which is resource intensive. Each PG is currently handling over double the recommended national maximum caseload and therefore additional resources are very important to the agency. Increased revenue is estimated to generate in excess of $30,000.00/month. OPA will need authorization increased up to $500,000.00 annually.

Designation: GF/PR Public Guardian (PG) fees have not increased since OPA was created in 1984. Costs have increased exponentially over time. OPA currently serves approximately 1,500 wards statewide. PGs manage all areas of a ward's life including all medical and financial decisions which is resource intensive. Each PG is currently handling over double the recommended national maximum caseload and therefore additional resources are very important to the agency. Increased revenue is estimated to generate in excess of $30,000.00/month. OPA will need authorization increased up to $500,000.00 annually.
