**Additional Information / Prior Funding History:**

**Project Description/Justification:**

This project involves electrical, plumbing, wall, floor, and structural repairs necessitated by water damage originating in a sealed plumbing wall. The damage went unnoticed due to the fact that there is no access to the interior of the plumbing wall between the boys' and girls' restrooms. The high school is 22 years old and covers 9,760 square feet. Proposed cost: \$336,688.
