Brief Summary and Statement of Need:

Amendment #13: This project will rebuild the restrooms and showers of the 26-year-old, 22,397 square foot K-12 school. The existing floor joists and subfloor supporting the restroom are significantly rotted. The district has added additional temporary supports to reinforce the sagging floor but the floor is verging on collapse. In addition to replacing the rotten support structure, this project will replace all restroom finishes, plumbing fixtures, toilet compartments, and accessories.
