

Wrangell: Runway Overlay, Runway Safety Area, and Seaplane Pullout

FY2006 Request: \$10,000,000
Reference No: 39370

AP/AL: Allocation

Project Type: Construction

Category: Transportation

Location: Wrangell

Contact: Kip Knudson

House District: Sitka/Wrangell/Petersburg (HD 2)

Contact Phone: (907)269-0724

Estimated Project Dates: 07/01/2005 - 06/30/2010

Appropriation: Airport Improvement Program

Brief Summary and Statement of Need:

Overlay, groove, and mark the runway; construct a full standard runway safety area; construct a new, all-tide seaplane pull-out ramp and relocate the existing pull-out from the area of the future runway safety area expansion. This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.

Additional Information / Prior Funding History:

FY2005 - \$27,000,000.

Project Description/Justification:

Pavement overlay of the current runway pavement is needed because the pavement has deteriorated. Expanding the runway safety area from 200' beyond the runway ends to 1,000' and widening to the full standard width of 500' will significantly increase airport safety. The existing seaplane pull-out will be eliminated by the proposed safety area expansion and needs to be relocated.
