<b>Totals:</b>	<b>0</b>	<b>0</b>

**Additional Information / Prior Funding History:**

None.

**Project Description/Justification:**

The existing terminal is significantly under-sized for peak periods of demand. Frequent periods of inclement weather can result in substantial delays of scheduled air service. The current facility is not able to handle these peak periods of delay. A viable alternative for staging of fishing and processing crews is needed to improve operating efficiencies and reduce maintenance wear and tear.
