SB 141 transfers to the Office of Administrative Hearings (OAH) adjudicatory hearing functions now performed by the PERS and TRS boards with assistance from contract legal counsel. OAH would conduct hearings, exercise equitable powers, and issue final decisions, as well as perform ancillary pre-hearing functions presently performed by staff of the Division of Retirement and Benefits.

Due to caseload increases relating to Dept. of Revenue (\$87.6), the Regulatory Commission of Alaska (RCA) overflow (\$62.1), Post-Secondary Education hearings (\$26.8), Community, Commerce & Economic Development (\$45.1), H&SS (\$23.2), and Labor (\$23.2), additional staff are needed. One additional Administrative Law Judge position and one additional Paralegal staff position are required as well as additional space, equipment and software associated with the increase in staff. In order to meet our statutory deadlines and other performance measures that are at the core of our mission to provide a fair, efficient and cost-effective hearing, these additional resources are needed.

Mission: To provide for the delivery of high-quality adjudication services that ensure fair hearings conducted in a timely, efficient and cost-effective manner.												
The funding would provide OAH with the means to maintain the staffing level necessary to provide high quality adjudication services and ensuring fair hearings in a timely, efficient and cost effective manner.

Funding is needed to replace warehouse space currently housed in the Subport Building.

The Division of General Services property warehouse, currently located in the Subport Building, will have to be relocated. Starting in FY2007 the Subport Building will no longer be available. The funding requested here is the amount needed to pay for comparable space in Juneau.

Amend Sec. 26, STATEWIDE CHARGEBACK, by adding new subsections to read:												
(b) It is the intent of the legislature that the Department of Administration, commissioner's office, distribute the general fund appropriation of \$3,557,000 made in (a) of this section across appropriation lines to other state agencies to assist with the statewide services chargeback obligations.												
(c) It is the intent of the legislature that all state agencies receiving funds under (a) of this section will reimburse the funds as required by the Enterprise Technology Services' federally approved statewide cost allocation plan. The amounts distributed are intended to cover the increased chargeback resulting from the fiscal year 2007 operations.												
These subsections are necessary to give the Department of Administration the authority to transfer the funds across appropriations to state agencies and then that the state agencies will reimburse the funds per ETS's statewide cost allocation plan.

<p>General Funds are needed to offset a reduction in available CIP funding. The maintenance level funding will allow both closer attention to employer objectives in bargaining and will enable the division to meet increasing arbitration workload.</p>												
<b>Arbitration Cost Increases</b>												
	Inc	112.0	0.0	0.0	112.0	0.0	0.0	0.0	0.0	0	0	0
1004 Gen Fund		112.0										
<p>Funding is needed for increased arbitrations and arbitration costs. More arbitrations are being done because the state is not in bargaining with most unions who now have the time to get backed up cases to arbitration and because some additional cases have arisen from our efforts to standardize pay practices. Additionally, arbitrator costs have risen significantly, due in part to increased per diem fees and higher airline fares.</p>

SB141 will create a new defined contribution retirement plan and a health reimbursement arrangement for new employees of the PERS and TRS hired after the effective date of July 1, 2005. As the new plan significantly differs from the current defined benefit plans, the division will be required to reprogram its computer systems, set up and account for two new plans, create new plan publications and forms, train staff, employer contacts and new members, create new employee benefit education methods on the web, benefit seminars and one on one appointments, and to contract for financial planning services for members of the new plan. The fiscal note assumes fund manager fees, custody, and record keeper's individual account fees are separate. It further assumes that cost reductions for the PERS and TRS Boards will be partially offset by payments to the Office of Administrative Hearings to conduct disability hearings, previously conducted by the boards.

Add one permanent part-time Administrative Clerk II position, one non-permanent Retirement and Benefits Specialist I position, and one non-permanent Retirement and Benefits Technician III position.

PCN 02-1974 provides clerical support for customer contact by answering general retirement questions, orders supplies, and sorts and distributes mail. This work was previously done by a non-permanent Administrative Clerk II.

02-N150 provides support in rewriting member handbooks for the retirement systems, and writing a new plan document for the select benefits health plan and supplemental benefits plan.

02-N048 assists in planning, coordinating and executing positive open enrollment for health insurance for select benefits members and retired members. Positive open enrollment is a new initiative that is projected to reduce the overall health claims costs for the active and retiree health plans.

1004 Gen Fund		2,116.8										
The retirement reform act (SB 141) enacted during the 24th legislative session created a new tier in the Public Employee's (PERS) and the Teachers' (TRS) systems effective July 1, 2006. Employers are given an option to allow non-vested members a conversion option to the defined contribution retirement plan in accordance with AS 39.35.940.												
The act provides for a conversion option for employees who are non-vested employees. AS 39.35.940 states, ". . . A matching employer contribution shall be made on behalf of that employee to the new account. The employer shall make the matching contribution from funds other than the trust funds of the defined benefit retirement plan established under AS 39.35.095 - 39.35.680. These funds will be available to match an employee's account for those employees that elect to convert to the new defined contribution plan and the employer matched amount can not be from the defined benefit trust funds. This conversion provision will allow the employer to reduce its unfunded liability to the retirement system.												
Mission: Deliver benefits to members in accordance with legal requirements.												
This increment will ensure that the division delivers benefits in accordance with new legal requirements contained in AS 39.35.940. Without the requested funding the division will be unable to complete it's basic mission.												
End Result B: Increased member understanding of retirement planning and benefits.												
SB141 will enable Retirement and Benefits to educate employees and employers on the benefits of converting to the newly created defined contribution plan with the PERS & TRS retirement systems.												
<b>Remove FY2006 Retirement &amp; Benefits PERS Allocation to Political Subdivisions</b>

**Public Building Fund Facility Maintenance and Operations Cost**

Inc	745.1	0.0	0.0	745.1	0.0	0.0	0.0	0.0	0.0	0	0	0
1147 PublicBldg	745.1											

Increased authorization is needed for the Public Building Fund Facilities (PBF) to cover increased costs for maintenance and operation.

The Public Building Fund buildings facilities such as:

- Robert B. Atwood Building (Anchorage)
- State Office Building (including the State Office Building parking structure - Juneau)
- Alaska Office Building (Juneau)
- Community Building (Juneau)
- Court Plaza Building (including the Gold Street parking structure - Juneau)
- Douglas Island Building (Juneau)

Mission: maintain state owned buildings while providing cost effective and efficient space for state agencies and private tenants.

This funding will enable the division to provide for the day to day and long term management, maintenance and operations of the buildings included in the PBF facilities.

Two Alaska Land Mobile Radio non-permanent positions were incorrectly transferred out of the Enterprise Technology Services Division as permanent full-time positions to the Department of Military & Veterans (DMVA) in the FY2006 Governor's budget. PCNs 02-133X (Project Coordinator) and 02-T072 (Project manager) should have been transferred out as Non-Permanent positions to DMVA.

<b>Add Analyst Programmer IV</b>												
1162 AOGCC Rcpt	Inc	81.6	81.6	0.0	0.0	0.0	0.0	0.0	0.0	1	0	0

This position will maintain and enhance an internet based well production and information system that will be a flexible user friendly way to select, view, and download the entire collection of publicly available oil and gas well-related information and documents.

The AOGCC does not have anyone directly in charge of the important LaserFiche program. We are in need of a position to maintain and enhance an internet based well production and information system that will be a flexible user friendly way to select, view and download the entire collection of publicly available, oil and gas well-related information and documents. The information is comprised of three basic types. The three types are; well information, on-line documents, and digital data. The LaserFiche program is a SQL ("structures query language") Server. It will require someone with an extensive amount of programming experience to manage this project. Having a full-time employee to staff this position will allow the AOGCC to better serve the public and industry by making available, in electronic form, over 40 years of oil and gas well data.

Mission: To protect the public interest in oil and gas resources and underground sources of drinking water. End Result: Work with industry and the public to ensure that oil and gas development plans result in maximization of recoverable reserves.

Staffing this position will allow the AOGCC to better serve the public and industry by making readily available, in electronic form, over 40 years of oil and gas well data, and this will also allow faster acquisition of AOGCC data by industry which will result in greater efficiency in operations. This ties to our 4A strategy performance measure "Work with industry and the public to ensure that oil and gas development plans result in maximization of recoverable reserves."

**Add Administrative Assistant**

1162 AOGCC Rcpt	Inc	55.2	55.2	0.0	0.0	0.0	0.0	0.0	0.0	1	0	0
-----------------	-----	------	------	-----	-----	-----	-----	-----	-----	---	---	---

This position will work directly for two of the Commissioner per AS 31.05.023, and backup for the special staff assistant. With this increase the three Commissioners will still have only two staff persons working directly for them to schedule hearings, meetings, and events, making travel arrangements and working on special projects. This additional position will allow the AOGCC to better fulfill all of its statutory responsibilities.

Currently the AOGCC has only one Special Staff assistant who works for all three of the AOGCC Commissioners and is responsible for scheduling hearings, coordinating issuance of orders, and overseeing all agency enforcement actions. We currently have no backup for this position, and it is difficult for this one person to effectively work for all three Commissioners. For FY07, AOGCC is requesting an increase in the budget to hire a deputy special staff assistant to work for two of the Commissioners while the special staff assistant will directly work for the Chairman as well as oversee the deputy special staff assistant's work for the other two Commissioners. Per AS 31.05.023, each Commissioner is authorized a personal secretary. With this increase the three Commissioners will still have only two staff persons working directly for them to schedule hearings, meetings and events, making travel arrangements and working on special projects. This additional position will allow the AOGCC to better fulfill all of its statutory responsibilities.

End Result: Expediently adjudicate applications for drilling permits and sundry well work to ensure that wells are designed, positioned, drilled, constructed, maintained, and operated in compliance with approved regulations, orders, and procedures.

This additional position will fill the second of the three positions authorized by AS 31.05.023 and will allow the AOGCC better to fulfill all of its statutory responsibilities by increasing overall productivity of the Commission. This ties to our A3 strategy, "Expediently adjudicate applications for drilling permits and sundry well work to ensure that wells are designed, positioned, drilled, constructed, maintained and operated in compliance with approved regulation, orders and procedures."

**Gas Disposition Survey**

1162 AOGCC Rcpt	Inc	50.0	0.0	0.0	50.0	0.0	0.0	0.0	0.0	0	0	0
-----------------	-----	------	-----	-----	------	-----	-----	-----	-----	---	---	---

The AOGCC is requesting funds to hire a contractor to study the current reporting system and give the Commission recommendations for improvements to the current system. In subsequent years the Commission may use these recommendations to request additional funds to hire a contractor to carryout the specific work needed on this project.

Once this project is complete the Commission anticipates receiving more accurate data from the Operators that can be used to identify, penalize, and prevent unacceptable uses of gas. This will conserve the resources and minimize wasteful dispositions of valuable natural gas in Alaska.

The AOGCC receives required reports from all Oil & Gas Operators reporting the usage of gas other than sales, including flaring. This reporting enables the AOGCC to monitor and prevent waste of gas. However the current process is flawed and needs to be revamped in order to accomplish its purpose.

End Result: Ensure minimal gas waste due to unnecessary flaring and venting from producing oil and gas wells.

This will be a "scoping" study to determine adequacy of the AOGCC's current measure to prevent waste of valuable natural gas. Once this project is complete,

A permanent full time Administrative Assistant position was created, PCN 02-1689, to provide badly needed administrative support to the OPA Director's Office.												
<b>ADN 02-6-0084, Line Item Transfer and Add Positions</b>												
	LIT	0.0	558.8	0.0	-558.8	0.0	0.0	0.0	0.0	6	0	0
The Office of Public Advocacy created six new permanent full time Attorney positions.												
Two attorney positions were established for the new Fairbanks Conflict Counsel office. Attorney V - PCN 02-1697 and Attorney IV - PCN 02-1698.												
Two attorney positions were established for the Anchorage Criminal Section. One Attorney III - PCN 02-1693 and one Attorney IV - PCN 02-1694.												
Two Attorney IV positions were established for the Anchorage Adult and Juvenile Representation office, PCN's 02-1695 and 1696.												
Reason for Additional Positions:												
The new attorney positions will allow cases to be shifted from private contractors to staff attorneys. The cost per case is less with staff attorneys than with contract attorneys. Additionally, creation of new staff positions will allow the agency to shift cases between offices to avoid conflicts and exploit staff proficiencies in other locations.

1002 Fed Rcpts	0.1										
1004 Gen Fund	21.0										
1037 GF/MH	3.8										

This increment is for the additional funding needed to adequately finance the state's risk management self-insurance program. Workers' compensation, general liability, and auto liability are funded via a charge against the personal services line item, while the remaining lines of insurance are funded via the services line item.

**Increment for Caseload Increases**

Inc	1,900.0	1,000.0	250.0	650.0	0.0	0.0	0.0	0.0	13	0	0
1004 Gen Fund	1,900.0										

Preliminary Court Data for FY'05 shows filings are dramatically up for felonies and CINA cases in Anchorage and Fairbanks. In Alaska, roughly 80% of all criminal cases are assigned public council.

OPA is experiencing an increase in caseloads in all sections and is requesting additional staff (13 positions) to deal with increased caseload issue. FY06 positions are operating at maximum capacity. For example, OPA's new criminal attorney is handling 20 high-level felonies and the new staff in the adult and juvenile representation section are handling 70-75 cases each. OPA has no control over its caseload due to court appointments.

OPA is retaining more cases in-house (Fairbanks FY06, Kenai FY07) in order to contain costs, it is cheaper to keep caseloads in-house rather than contract out to private attorneys.

We also are experiencing an increase in contractor and leasing costs in the amount of \$99.9.

End Result A: Public Guardian clients will receive all financial benefits to which they are entitled. End Result B: Public Guardian clients will have shelter available to them. End Result C: Public Guardian clients will receive services that OPA is statutorily obligated to secure.

The increment will cover the cost of a new public guardian and support staff. This request is tied directly to OPA's performance measures A, B, and C, ensuring that public guardian clients receive all financial benefits to which they are entitled, will have shelter available to them, and receive the services that OPA is statutorily obligated to secure. With increasing caseloads and an ever-complicating regulatory framework for our clients, the new position will enable OPA to better meet these goals. Given the high caseloads and hours public guardian are working, OPA has lost 6 of 10 public guardians in the last year, and has found that we have cost numerous clients benefits to which they are entitled. A new public guardian and support person will better enable us to make sure our public guardian clients receive the benefits, housing, and other services OPA is required to provide. If the request is not funded, OPA will continue to fall behind and the end results will suffer.

**RDU:** Legal and Advocacy Services (11)

Scenario/Change Record Title	Trans Type	Totals	Personal Services	Travel	Services	Commodities	Capital Outlay	Grants, Benefits	Miscellaneous	Positions		
										PFT	PPT	NP

End Results E: Child's best interests are represented at all stages of a child in need of aid proceedings.

OPA has requested two new Guardian ad Litem and a new support staff. This request is tied to performance measure D, ensuring that children's best interests are represented at all stages of CINA proceedings. This increment would add one GAL in Anchorage where OPA has seen significant increases in caseloads. It would also provide for a GAL in Juneau where OPA has only one staff GAL and relies primarily on contractors, and provide one support staff in Juneau where there is currently no support staff. Over the past 5 years, there have been approximately 250-260 new CINA cases filed in the Southeast Alaska annually. Half of these filings are in Juneau. OPA only has one staff GAL in all of Southeast, located at its Juneau office. The new Juneau position will enable OPA to realize the savings by bringing work in-house rather than relying on contractors.

Mission: Provide legal advocacy and guardian services to vulnerable Alaskans.

The remaining portion of OPA's increment request is directly tied to OPA's core mission of providing legal advocacy and guardian services to vulnerable Alaskans, which includes handling conflict cases from the Public Defender Agency. These cases include indigent criminal defense and parental representation in CINA cases. The positions this increment would allow will enable OPA to continue to handle a larger percentage of work in-house where costs per case are considerably cheaper than utilizing contract counsel. If this request is not approved, OPA will continue to use contract attorneys when necessary because of lack of staff resources and pay those higher costs.

**Anchorage Adult & Juvenile Representation Section**

**New Permanent FT Attorney III**

A new permanent full time Attorney III position is needed in the Anchorage Adult & Juvenile Representation (AJR) section. There has been a substantial increase in CINA and felony filings in Anchorage. The AJR section provides parental representation in CINA matters and third-tier conflict representation in criminal matters. This section not only covers Anchorage but outlying areas when no local contractor is available.

**New Permanent FT Law Office Assistant**

One (1) Law Office Assistant I position is needed to provide legal clerical support to seven attorneys, to include the new Attorney III position, in the AJR section. Currently there is one paralegal position that provides sole support to six attorneys in the AJR section. This level of support staff is wholly inadequate and requires the attorneys to engage in significant amounts of routine clerical work. It is also well below the one support staff to three attorney ratio followed by the Department of Law.

**Palmer Criminal Section**

**New Permanent FT Attorney IV**

A new permanent full time Attorney IV position is needed in the Palmer section. OPA currently has two appellate attorneys, one in the Anchorage Criminal Section and a new attorney in the Anchorage Adult & Juvenile Representation Section. Because of OPA's short staffing for appeals, most appeals are handled by contractors. This new position would be housed in Palmer to handle Palmer and statewide appellate matters. The Palmer office will be the fastest growing OPA office based on current population trend projections. While arguably there could be an offset in contract costs, this will likely be offset as well by increased caseloads. However, a staff appellate attorney in Palmer will contain costs when compared to a contract appellate attorney.

**Investigator II**

A new permanent full time Investigator II position is needed in the Palmer section.

										PFT	PPT	NP

Currently, OPA has one Investigator III position in the Palmer office working for five attorneys. This investigator's workload is at full capacity and much investigative work is now being assigned to private contractors. By bringing in a junior investigator to assist, the attorneys will receive additional support enabling them to take on additional cases, and the costs associated with more expensive contract investigators is avoided. This section is seeing dramatic increases in caseloads.

**Law Office Assistant I**

A new permanent full time Law Office Assistant I position is needed to provide legal clerical support to six attorneys, to include the new Attorney IV position, in the Palmer section. Currently there is one paralegal position that provides sole support to five attorneys in the Palmer section. This level of support staff is wholly inadequate and requires the attorneys to engage in significant amounts of routine clerical work. It is also well below the one support staff to three attorney ratio followed by the Department of Law.

**Anchorage Criminal Section**

**New Permanent FT Investigator II**

A new permanent full time Investigator II position is needed in the Anchorage Criminal section. Currently, OPA has one Investigator III position in the Anchorage Criminal section working for seven attorneys. This investigator's workload is at full capacity and much investigative work is now being assigned to private contractors. By bringing in a junior investigator to assist, the attorneys will receive additional support enabling them to take on additional cases, and the costs associated with more expensive contract investigators is avoided. This section is seeing dramatic increases in caseloads.

**New Permanent FT Law Office Assistant**

One (1) Law Office Assistant I position is needed to provide legal clerical support to seven attorneys in the Anchorage Criminal section. Currently there is one Law Office Assistant I position that provides sole support to seven attorneys in the Anchorage Criminal section. This level of support staff is wholly inadequate and requires the attorneys to engage in significant amounts of routine clerical work. It is also well below the one support staff to three attorney ratio followed by the Department of Law.

**Anchorage Civil Section**

**New Permanent FT Associate Attorney II**

A new permanent full time Associate Attorney II (working title Guardian Ad Litem) position is needed in the Anchorage Civil section. As a result of additional social workers and Assistant Attorney General positions in the Human Services division there has been a significant increase in CINA cases in Anchorage. This position is needed to advocate for the best interest of children by performing full guardian ad litem services in Child in Need of Aid (CINA) cases, Divorce/Custody cases, and other cases as appointed by the court through OPA.

**New Permanent FT Public Guardian**

One (1) permanent full time Public Guardian position in the Anchorage Civil Section. The new position will provide greatly needed case relief, as well as expertise in public benefits eligibility. Currently, a public guardian in Anchorage manages the financial and/or personal, housing, legal, and medical affairs for approximately 75 to 80 clients. The National Guardianship Association recommends that a guardian or conservator not serve more than 45 clients. The current caseload is unmanageable and has lead to significant overtime and burnout. Clients have been ill served which raises significant safety and health issues, as well as exposing the state to liability. It is envisioned that this new position would carry half of a public guardian case load, and provide public benefit application and retention services for all public guardian clients, thus further alleviating the demands on the remaining 14 public guardians in Anchorage, Fairbanks, and Juneau.

**Fairbanks Conflict Counsel Section**

**Change Record Detail - Multiple Scenarios With Descriptions**  
**Department of Administration**

**Component:** Office of Public Advocacy (43)  
**RDU:** Legal and Advocacy Services (11)

Scenario/Change Record Title	Trans Type	Totals	Personal Services	Travel	Services	Commodities	Capital Outlay	Grants, Benefits	Miscellaneous	Positions		
										PFT	PPT	NP
<p>New Permanent FT Attorney III                      A new permanent full time Attorney III position is needed in the Fairbanks Conflict Counsel (FCC) section. There has been a substantial increase in CINA and felony filings in Fairbanks. The FCC section provides parental representation in CINA matters and third-tier conflict representation in criminal matters. This section not only covers Fairbanks but outlying areas when no local contractor is available in significant amounts of routine clerical work.</p> <p>Fairbanks Office (Criminal, Civil &amp; Public Guardian Sections)</p> <p>New Permanent FT Administrative Clerk II                      A new permanent full time Administrative Clerk II position is needed in the Fairbanks office. This position would assist in providing clerical support to 10 professional staff who currently share one Admin Clerk II. This level of support staff is wholly inadequate and requires the attorneys and other professional staff to engage in significant amounts of routine clerical work.</p> <p>Juneau Civil Section</p> <p>New Permanent FT Associate Attorney II                      One (1) permanent full time Associate Attorney II (non-attorney GAL) position in the Juneau office. The new position will carry a 2/3-time caseload as a guardian ad litem (GAL), and will serve as volunteer coordinator for the Court Appointed Special Advocate (CASA) Program. (There are currently 21 active CASAs in Juneau and the volunteer coordinator position is unfilled). The Juneau office is OPA's only Southeast office. Over the past 5 years, there have been approximately 250-260 new CINA cases filed in Southeast Alaska annually. Half of these filings are in Juneau. OPA only has one staff GAL in all of Southeast, located at its Juneau office. The remaining GAL work is performed by contractors at an annual cost of approximately \$100.0 to \$130.0. The new GAL position will be able to retain many of the cases currently contracted out, particularly the time-consuming (and expensive) custody cases. In addition, the position will coordinate volunteer services performed by the volunteer CASAs, as well as recruit additional CASAs. Most importantly, this new position will provide some case-relief to the current attorney GAL enabling her to perform her supervisory duties for the Southeast region.</p> <p>New Permanent FT Law Office Assistant                      One (1) Law Office Assistant I position is needed to provide legal clerical support to one Attorney IV, one new Associate Attorney II and two Public Guardian positions in the Juneau office. Currently there is no clerical support for these positions. The absence of clerical support staff is wholly inadequate and requires the professional staff to engage in significant amounts of routine clerical work.</p>

<p>The Office of Public Advocacy (OPA) is requesting a budget amendment in the amount of \$800.0 of general funds. Increasing caseloads and higher contractor rates for OPA indicate a need for additional funding of \$800.0 to meet FY2007 obligations. Projections are based upon actual expenditures for the first half of FY2006 and comparisons to prior year expenditures.</p> <p>An analysis of case statistics prepared by the Court System for FY2003, FY2004, and FY2005 reveals that criminal felony filings have increased 9%, 20%, 14%, each year respectively. While we are in the midst of FY2006 and hard data is not yet available, caseloads are up and the increasing trend appears to be continuing. Additionally, internal OPA data indicates that caseloads in the public guardian sections will be up approximately 10% this year and with an aging population, this trend is likely to continue.</p> <p>Adding to increased costs at OPA are increases in contractor rates this fiscal year. Almost all OPA contracts expired at the end of FY2005. The old contract rates were set five years ago. Prior to the old contracts expiring, a new RFP was issued and new two-year contracts with three one-year renewal options were awarded. While the new rates are still well below market rate, they generally went up across the state. Approximately 45% of OPA's budget consists of contractor case costs.</p> <p>This increment is necessary to ensure that OPA meets its performance results of ensuring that Public Guardian clients receive all of the services that OPA is statutorily obligated to provide, including benefits and shelter; that children's best interests are represented at all stages of Child-in-Need of Aid proceedings, and that OPA may continue to efficiently handle conflict cases from the Public Defender Agency.</p>

<b>Increment for Caseload Increases</b>												
	Inc	1,000.0	400.0	0.0	550.0	50.0	0.0	0.0	0.0	0	0	0
1004 Gen Fund		1,000.0										
Preliminary Court Data for FY2005 shows filings are dramatically up for felonies and CINA cases in Anchorage and Fairbanks. In Alaska, roughly 80% of all criminal cases are assigned public council.												
While the Public Defender Agency has implemented a number of measures to control costs, the agency is simply not able to keep up with the increasing caseload. In order to provide effective counsel, additional attorneys and investigators are essential. In addition, work is currently being performed inefficiently due to the minimal and sometimes non-existent support staff (e.g. only one paralegal in Anchorage). FY2007 increase includes additional support staff of law office assistants and paralegal.												
End Result A: Improve case results for criminal clients. Target #1: Reduce the number of days in jail for pre-trial clients when unnecessary for public safety.												
The requested increase in funds is expected to allow our agency to meet its target of reducing the number of days in jail for pretrial clients and for convicted clients by adding additional attorneys and support staff. This will create additional time for attorneys to immediately contact clients to develop release plans and to contact proposed third-party custodians. For both pre-trial and convicted clients, the additional resources would facilitate pretrial release plans that incorporate alternatives to jail that promote treatment and rehabilitation. This would result in a greater rehabilitative effect, thereby reducing unnecessary days in jail and increasing the justice systems ability to protect the public.												
Failure to provide the additional funding would eliminate the opportunity for increased immediate communication and also result in a reduction in attorney-client communication due to the projected caseload increases. This would result in an increase in the number of days in jail for both pre-trial and convicted clients, and also reduce and rehabilitative effect of jail, without providing any increased public safety.												
End Result B: Improved case results for CINA clients. Target #1: Reduce the number of children in state custody by 50%.												
The requested increase in funds is expected to allow our agency to meet its target of reducing the number of children in state custody by creating additional time for attorneys to immediately contact clients to assess the state's decision to take custody of a child and to prepare either an appropriate plan to address the state's concerns or to contest the state's petition. This would promote reunification and facilitate returning children to a non-state custody arrangement, while promoting the best interests of children. If the funding were not approved, it would eliminate the opportunity for immediate communication and also result in a reduction in attorney-client communication due to the projected caseload increases. This would result in an increase in the number of days children remain in state custody and reduce the effectiveness of the CINA process in promoting reunification, and result in outcomes that reduce the effectiveness of the system's goal of promoting the best interests of children.												
<b>Mental Health Trust Funding Reduction</b>

<b>Projected Caseload Increases and Staff Support</b>												
Inc		500.0	280.0	20.0	180.0	10.0	10.0	0.0	0.0	12	0	0
1004 Gen Fund		500.0										
<p>The Public Defender (PD) Agency is requesting a budget amendment of \$500.0 to add to its initial FY2007 Governor's Budget increment, for a total increase, not including COLA, Health Insurance, and PERS personal services related cost increases, of \$1.5 million. The increment is necessitated by increasing caseloads across the state and the need to provide adequate staffing levels.</p> <p>An analysis of case statistics prepared by the Court System for FY2003, FY2004, and FY2005 reveals that criminal felony filings have increased 9%, 20%, 14%, each year respectively. While we are in the midst of FY2006 and court data is not yet available, caseloads are up and the increasing trend appears to be continuing.</p> <p>The Public Defender has determined that five additional attorney positions are needed to bring individual attorney caseload to a manageable level to ensure that mandated client services are being provided and that seven additional support staff is needed to minimize the amount of time attorneys spend on support functions.</p> <p>Additional attorneys are needed to provide more and earlier contact with clients. Increasing face to face contact with clients should improve the level of trust the client has in the attorney, which leads to the client believing the attorney has his or her best interest in mind. We believe this will result in clients being more likely to accept reasonable offers made by the prosecutor which will reduce the number of trials, eventually creating less of a drain on resources in the courts, prosecutor's offices, as well as public defender offices.</p> <p>The Public Defender has also determined that there is not sufficient support staff for existing attorneys. Attorneys, as a result, are doing their own research and filing. This is very inefficient, reducing the amount of time attorneys can spend with their clients - the valuable "face-to-face" time.</p> <p>The 12 positions requested by location, five attorneys and seven support staff, are:            Anchorage Office: 2 Attorneys, 2 Paralegals, 1 Law Office Assistant            Kenai Office: 1 Attorney and 1 Investigator            Palmer Office: 2 Attorneys, 1 Paralegal, and 1 Law Office Assistant            Fairbanks Office: 1 Investigator</p> <p>PD's costs are driven primarily by court appointments to represent indigent individuals. And because the PD is required to take all cases appointed by the court if statutorily authorized to accept the appointments, the agency has no control over its caseload or over its associated cost increases. The requested increment is necessary to ensure that the PD meets its goal of ensuring that agency clients receive the level of service that the PD is constitutionally obligated to provide in an environment of increasing caseloads.</p>

This increment is for the additional funding needed to adequately finance the state's risk management self-insurance program. Workers' compensation, general liability, and auto liability are funded via a charge against the personal services line item, while the remaining lines of insurance are funded via the services line item.

Correct the status of three permanent full-time positions that were reflected in the budget as three permanent part-time positions. The three PCNs are permanent full-time positions located in Homer, Delta Junction and Haines.												
<b>ADN 02-6-0086, Line Item Transfer - Services to Travel and Commodities</b>												
	LIT	0.0	0.0	2.5	-101.6	99.1	0.0	0.0	0.0	0	0	0
This adjustment is necessary to align the budget with the projected spending plan in FY2006. Travel, additional travel costs to provide customer service in Nome until the vacant position is filled and trained. Services, driver licenses are no longer being renewed through the mail, so postage and contracted mailing costs are reduced. Commodities, increased need for digital driver license supplies because licenses are no longer being renewed through the mail.
