

Dalton Highway: Milepost 55.5 - Yukon River Bridge Rehabilitation

FY2007 Request: \$3,000,000
Reference No: AMD 40534

AP/AL: Allocation

Project Type: Construction

Category: Transportation

Location: Stevens Village

Contact: John MacKinnon

House District: Interior Villages (HD 6)

Contact Phone: (907)465-6973

Estimated Project Dates: 07/01/2006 - 06/30/2009

Appropriation: Surface Transportation Program

Brief Summary and Statement of Need:

This is a new FY07 Capital Budget Request. Rehabilitate the Dalton Highway Yukon River Bridge, including deck replacement, seismic retrofitting, and bridge rail upgrades. This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.

Additional Information / Prior Funding History:

FY2006 - \$6,000,000.

Project Description/Justification:

The Yukon River Bridge is approximately one-half mile in length and serves heavy truck traffic to and from the North Slope. The bridge is located on a relatively steep grade with a wood plank driving surface. The wood planking needs replacing at least every seven years and requires significant maintenance. The deck was last replaced in 1999 and will require a great deal of maintenance in 2006 if a deck replacement project cannot begin.
