**Brief Summary and Statement of Need:**

UAA is uniquely situated, surrounded by two of the largest hospital complexes in Alaska. As the U-Med District grows neighboring institutions continue to grow, requiring trained employees. This facility is envisioned as an 80,000 gsf building to be located on the land parcel UAA received in the 2005 trade with Providence Hospital. The facility would accommodate nursing, allied health, WWAMI, and possibly behavioral health programs. The \$500K in planning funds will be used to accomplish the property master site planning to accommodate the Nursing and Allied Health Building, utilities, parking, and other services. We would also expect to develop the conceptual design for the Nursing and Allied Health Building.
