

**Agency: Commerce, Community and Economic Development****Grants to Municipalities (AS 37.05.315)****Grant Recipient: Saint Michael****Project Title:****Saint Michael - New Grader****State Funding Requested: \$ 350,000****House District: 39 - T**

One-Time Need

**Brief Project Description:**

The City of St. Michael currently has a 25 year old, broken grader and is in need of a new one.

**Funding Plan:****Total Cost of Project: \$350,000**Funding Secured*Amount FY*Other Pending Requests*Amount FY*Anticipated Future Need*Amount FY*

There is no other funding needed

**Detailed Project Description and Justification:**

The communities of St. Michael and Stebbins are connected through a 12 year old gravel road. Neither community has a working grader to remove snow during the winter months. St. Michael and Stebbins both have Physician's Assistants who commute back and forth for medical healthcare access for their patients. The students in both communities also commute between them for academic, sports, and other school events. A grader will also be a useful tool to widen roads during the summer for safety purposes, and for general use by the populace of St. Michael and Stebbins. The community is asking for the grader for all of these reasons to be able to provide safe transportation to the residents and visitors of St. Michael and Stebbins.

**Project Timeline:**

Quotes have been received so as soon as funding is provided, they are prepared to make the purchase.

**Entity Responsible for the Ongoing Operation and Maintenance of this Project:**

City of St. Michael
