RE: Support Letter, Capital Project for Native Village of Kalskag

To Whom It May Concern:

The Native Village of Kalskag Traditional Council is in the process of applying for a Capital Project to renovate the Multi Facility Building located at the Kalskag Airport. The building will house the Village Police Officer (VPSO), Village Tribal Officers (TPO) Tribal Police Officers, Search and Rescue Department, Fire Station for the fire truck and offices for the City and Tribal Councils. This building is needed in the village of Kalskag as buildings are very scarce in Kalskag; the building now has a new Postal Service Office in the building which was completed this summer and is in full operation.

The City of Upper Kalskag strongly supports the Traditional Council in the completion of the Multi Purpose Building as it would benefit the whole community and its residence. to date the village of Upper Kalskag have no VPSO, Fire Station, Search and Rescue facilities to operate.

The Village of Upper Kalskag will benefit greatly because we support each other, preserve our language, culture, and traditional way of living for the future generations and the community and economic needs.

In the process the City of Upper Kalskag will always give its full support to the Native Village of Upper Kalskag as we work closely together in helping to finish the building. The City of Upper Kalskag has always worked jointly with the Native Village of Upper Kalskag for the betterment of our village and its residence.

Sincerely,

Loreen Steeves, Vice Mayor
