

NPR-A City of Barrow - New Boat Ramp

FY2010 Request: \$2,000,000
Reference No: AMD 48334

AP/AL: Allocation
Category: Development
Location: Barrow
House District: Arctic (HD 40)
Estimated Project Dates: 07/01/2009 - 06/30/2014
Appropriation: NPR-A Impact Grant Program

Project Type: Construction
Recipient: Barrow
Contact: Tara Jollie
Contact Phone: (907)269-7959

Brief Summary and Statement of Need:

This project will fund the construction of a new boat ramp in the City of Barrow. This concrete driving ramp will extend below the surface of the water level far enough for a boat to float off of a trailer. The lagoon will be excavated to ensure enough depth for easy launch. Bordering the ramp will be a floating dock, which will enable the boat to be tied up before/after launch and keep the operator from having to walk in the water. The dock will be removed during the winter to avoid ice damage. The dock is anchored with steel piles that are designed to withstand ice forces found in the lagoon.
