Estimated Project Dates: 07/01/2009 - 06/30/2011

Brief Summary and Statement of Need:

Funding to replace storage tanks in Petersburg and Klawock to prevent the loss of expensive ice control chemicals and to avoid environmental damage due to leakage. The current steel storage tanks were procured in "used" condition in the mid-1990s. They are wearing out, leaking and need to be replaced. This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.
