**Additional Information / Prior Funding History:**

This project will complete renewal of the 344,360 square foot facility built in 1971 with additions in 1983, 2003, 2005, and 2006. Exterior wall insulation and windows will be replaced, interior finishes and the HVAC system will be upgraded, an automatic fire sprinkler system will be installed, asbestos containing materials will be abated. Work will also include seismic upgrades, and site work improvements to provide accessible access and egress.
