This project is being moved to the FY11 Supplemental request to capitalize on the 2011 construction season. Original request: the existing asphalt is over 20 years old and in serious condition making maintenance of the facility difficult. The Pavement Condition Index (PCI) report listed the project as between 40 and 54, with the average weighted PCI a 47.29, far below the threshold of 70 PCI for runway surfaces. Funds will provide for rehabilitation of pavement on runway 18/36, apron and taxiways. This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.
