Anchorage - Pavement Rehab Matching Program (50/50 Local Match)

State Funding Requested: \$6,000,000**House District: Anchorage Areawide (11-27)**

Future Funding May Be Requested

Brief Project Description:

This program funds pavement overlay and replacement projects throughout Anchorage and is proposed as a 50/50 funding partnership of state grants and local road bonds.

Funding Plan:

Total Project Cost:	\$12,000,000
Funding Already Secured:	(\$0)
FY2014 State Funding Request:	(\$6,000,000)
Project Deficit:	\$6,000,000

*Funding Details:**This is an annual program matching state grants with local road bonds.***Detailed Project Description and Justification:**

This program funds pavement overlay, rehabilitation, and replacement projects throughout Anchorage and is a 50/50 funding partnership with the State. Project priorities will be established by Street Maintenance, Traffic, and Project Management and Engineering, with input from elected officials and the public. Projects to be funded are primarily roads, but some trail rehab is also anticipated. Projects that may be funded include:

Old Seward Hwy - International Airport Rd to Dowling Rd

Northwood Dr - Raspberry Rd to Strawberry Rd

Lake Otis Pkwy - Campbell Creek to Dowling Rd

Sylvan Dr - Fairweather to Old Seward

Egavik Dr/Denali St Area

Klatt Rd/Southport Dr

Commercial Dr - 3rd Ave to Mountain View Dr

Mountain View Dr- Commercial Dr to Bragaw St

Spenard Rd - International Airport Rd to Wisconsin St

Neighborhood streets Areawide as in the past.

This 50/50 program has been consistently supported by the Legislature and construction has been completed on over 60 projects. Approximately half of the funding is expected to go toward local neighborhood street rehabilitation. Deteriorating

pavement on Anchorage roads is increasing safety concerns and maintenance costs. Many of the local roads in Anchorage are showing their age and in many cases how poorly they were initially constructed. This program allows the Municipality to preserve the useful life of the road base and avoid much more expensive full reconstruction projects.

The grant funding may be used for planning, design, utility work, obtaining rights of way and easements, storm drain replacement or installation, and any work associated with rehabilitating Municipal roadways and their amenities.

Project Timeline:

Construction is expected to start in 2014 with most expenditures in 2014 and 2015.

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

Municipality of Anchorage
