| Total Project Cost:           | \$35,000          |

| Project Deficit:              | \$0               |

**Detailed Project Description and Justification:**

Cottonwood Creek Elementary is on a major highway, yet it does not have signage. With the new road construction and the clearing of trees, the side of the building is very visible and would be a great place for a large sign. We consistently have visitors that do not know if they are at the right school because there isn't anything to identify our school from the highway.

**Project Timeline:**

Project will commence immediately upon receipt of funds.
