## Mentasta FY2014 CIP Clinic Match Funding Request

Mentasta Traditional Council (MTC) requires a \$300,000 FY2014 CIP award for use to leverage \$600,000 of HUD Indian Community Development Block (ICDBG), \$300,000 of Rasmuson and \$140,000 Indian Health Service Tribal Equipment Funds (TEF) funding in order to construct a much needed primarily health care clinic at Mentasta.

MTC will be applying to HUD's Indian Community Development Block Grant (ICDBG) program during 2014 to construct a new Mentasta Clinic at Mentasta, Alaska. The new clinic will be a stand- alone facility. The new clinic project has been estimated to cost \$1,340,000.

MTC, through its ICDBG citizen participation meetings, MTC has prioritized development of the planned Mentasta Clinic Project as Mentasta's top ICDBG community development priority. MTC has ensured that it will coordinate with the Indian Health Service (IHS) to ensure that planned new clinic will meet all applicable IHS facility requirements.
