Shaktoolik - Heavy Equipment

State Funding Requested: \$360,500**House District: 39 / T**

One-Time Need

Brief Project Description:

The community purchased a used loader eight years ago which is now on its last leg. A new loader will greatly help us fulfill the needs of the community

Funding Plan:

Total Project Cost:	\$425,000
Funding Already Secured:	(\$0)
FY2014 State Funding Request:	(\$360,500)
Project Deficit:	\$64,500

Funding Details:

The amount requested does not include freight. We will seed funding for the freight from other sources.

Detailed Project Description and Justification:

The used loader we purchased several years ago is now beyond its useful life. We deal with a lot of snow drifts during the winter months and new heavy equipment will help us to clear the snow during winter. We also need equipment to help us deal with our erosion problems during fall storms, and to assist with hauling vessels in and out of the water. The equipment could also be used for other needs of the community and will help us to take care of our basic needs without assistance from others. Attached is a quote for a loader, which is one of the types of equipment we are considering for purchase if this funding is approved.

Project Timeline:

Equipment will be purchased as soon as funding is made available.

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

City of Shaktoolik

Subj: 2013 Komatsu Wheel Loader

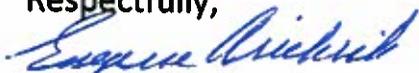

Dear Sirs:

You should have received the City of Shaktoolik's 2013 Resolution and Priority List. This letter is a follow up for a Wheeled Loader.

The community of Shaktoolik purchased a Used Loader with NSEDC Funds eight (8) years ago which we feel is on its last leg. As you both know, we deal with a lot of snow drifts during the winter months. A New Loader would greatly help us in trying to deal with our Erosion Problems during our Annual Fall Storms, Snow Removal during the winter months and Assisting our Commercial Fishing Fleet in Hauling In/Out their Fishing Vessels. As listed in our Priority List, Enclosed is a Proposal that we received from Craig Equipment Company for a new 2013 KOMATSU model WA470-7 Wheel Loader for \$360,485.00 and Estimated Freight to Shaktoolik for \$59,425.00, totaling to \$419,910.00. To cover any addition costs, we are requesting \$425,000.00 Legislative Grant to accomplish one of our Priority Lists.

Thank you for your continued representation and support for our community.

Respectfully,

Eugene Asicksik, Mayor
