Project Description **Principal's Priority** 3

Purchase software for Standards Based Report Cards that includes teacher grade book and parent access components.

Benefits if Project is Funded

Currently the teachers are using excel spreadsheets to track student progress. They are finding the software they currently use to be labor intensive and unreliable. Getting the new software will hopefully eliminate the time lost to teachers after they get to know the program. The software will allow parents access to the teacher's grade book which will enhance communication between home and school.
