4	17 - 18	11	new	new	Transportation and Public Facilities	Capital		L	Reappropriation to Alaska International Airport System: Contingency Fund The Department was notified February 25, 2014 by the Federal Aviation Administration that the state match rate for projects at the Ted Stevens Anchorage International Airport is increasing from 6.25% to 12.24% effective in fiscal year 2014. This reappropriation will enable the match requirement to be met and avoid project delays.	0.0	0.0	0.0	0.0	1027 International Airport Fund	0.0
5	19 - 20	11	new	new	Transportation and Public Facilities	Capital		L	Reappropriation to Chignik - New Public Ferry Terminal and Dock Currently there are no public docks in any of the four communities in the Chignik area. The continued use of a private dock cannot continue indefinitely and will not accommodate the M/V Kennicott nor the likely replacement of the M/V Tustemena. The new public ferry dock will provide a safe and reliable facility for the state ferry and other private vessels along with an eventual boat haul-out system and fuel facility for the communities and the local fleet. This project is being requested as an amendment because the Department and Lake and Peninsula Borough recently agreed to pursue the Chignik Public Dock through the Federal-Aid process as the Iliamna Non Dalton road rehabilitation project is not progressing.	0.0	0.0	0.0	0.0	1002 Federal Funds	0.0
