- Sec1 Ch30 SLA2007 P78 L9 SB53 \$2,000,000

Please see attached backup document for project listing.

Project Description/Justification:

The Department of Transportation and Public Facilities is responsible for 700 buildings, 1/3 of which are over 30-years old (some are from the 1940's and 1950's). The Department maintains 4.2 million square feet of buildings which include office buildings, maintenance shops, employee housing and equipment storage buildings.

Typical Deferred Maintenance needs include: roof replacements, boiler replacements, sidewalk replacements, fire and mechanical code compliance, repairs or upgrades to the heating, ventilation, and air conditioning (HVAC) systems, electrical, water lines, septic, drain and fuel distribution systems.
