**Additional Information / Prior Funding History:****Project Description/Justification:**

This project is the planning and design phase for a 6,614 square foot addition to the existing 8,993 square foot elementary school and high school building, which was originally built in 1980 and added to in 1984. The school is currently operating at 158 percent capacity and it is expected to reach 195 percent capacity by FY2007. The entire school, including outlying auxiliary buildings, totals 8,993 square feet. The addition will include two classrooms, two classroom enlargements, a library, and administrative, storage, circulation, and mechanical spaces. The design and planning phase for the project is recommended for current funding. Proposed cost: \$3,097,152.
