Brief Summary and Statement of Need:

Amendment #13: This project will complete a 1997 renovation begun by local volunteer labor but never completed. Of primary concern are the roof, which has been patched repeatedly but continues to leak, damaging the interior; the external foundation which was never properly sealed and is beginning to crack; plumbing fixtures and fire cabinets damaged beyond repair by vandalism; and various fire, electrical, and ADA code deficiencies. The 17-year-old structure, which covers 27,000 square feet, is used as a physical exercise area for students & community.
