Component Mission

To fund necessary maintenance and help prevent future deferred maintenance problems in the eight buildings in the new state facilities rent pool.

Component Services Provided

Implement the State Facilities Rent Structure for agencies within the Office of the Governor.

Component Goals and Strategies

Improve the condition of state buildings and help prevent future deferred maintenance problems by implementing the state facilities rent structure.

Key Component Issues for FY2001 – 2002

During years of budget constraints, state buildings have not been adequately maintained, resulting in a serious and expensive deferred maintenance backlog. By implementing a rent structure, the state will be able to recover an estimated \$1.5 million (statewide) in federal and other non-general funds for space occupied in state buildings. General funds now spent on building maintenance and operations by the Department of Transportation and Public Facilities (DOT/PF) for seven state buildings and by the Department of Administration (DOA) for the Atwood Building in Anchorage were transferred from DOT/PF and DOA to the agencies occupying the buildings in the facilities rent pool. The agencies pay rent, using these transferred general funds to pay for space occupied by general fund programs and collecting rent from non-general fund sources as appropriate.
