

**Fairbanks International Airport: Drainage Improvements
Phase 3**

**FY2002 Request: \$1,650,000
Reference No: 34624**

AP/AL: Allocation

Project Type: Construction

Category: Transportation

Location: Fairbanks Areawide

Contact: Kurt Parkan

House District: Fairbanks Areawide (HD 29-34)

Contact Phone: (907)465-3900

Estimated Project Dates: 07/01/2001 - 06/30/2006

Appropriation: Airport Improvement Program

Brief Summary and Statement of Need:

This project will complete the design for improvements to the stormwater drainage system for the terminal area apron. Once construction is complete, the conversion of the open ditch drainage, which serves the apron area south of the terminal, will be converted to a subsurface system. Work will also relocate the primary trunk line for this portion of the airport drainage system from beneath the Alaska Airlines cargo facility. To enhance stormwater discharge water quality, the remainder the terminal apron snow storage area will be paved and oil/grit separators installed to treat water discharge to the stormwater drainage system.
