Project Description/Justification:

The balance available from the state's rebate share of the federal Trans-Alaska Pipeline Liability Fund and all investment earnings on this sum while in the custody of the state until fully expended are appropriated to the Alaska Energy Authority for petroleum remediation at rural Alaska bulk fuel facilities in accordance with federal law (P.L. 101-380, sec. 8102(a)(2)(B)(i)), requiring that the rebate be used for the remediation of above-ground storage tanks.
