**Project Description/Justification:**

The projects for which this funding may be used include completion of terminal building improvements, sewage and water system improvements, long-term parking improvements, or other airport projects to be determined. While the appropriation language does not specify any particular project, the funds will have to be used for a purpose that is eligible for Airport Improvement Program funding and is in concert with the airport's planned development as described in the current airport master plan. A final determination of the projects for which the funds will be used will be made in cooperation with the Ketchikan Gateway Borough who requested the earmark and manages the airport.
