Additional Information / Prior Funding History:

FY2003 - \$2,750,000; FY2001 - \$2,250,000.

Project Description/Justification:

The safety area, apron, taxiway and portions of the runway have experienced differential settlement with increasing maintenance costs to M&O (Maintenance and Operations). The runway is 2520' long and subject to severe crosswinds. This project will lengthen the runway to 3500' and will reconstruct areas of differential settlement, resurface and install new airport lighting, acquire row and relocate a portion of the Mt Village - St Mary's road.
