

**State Equipment Fleet Replacement**

**FY2005 Request: \$15,000,000**

**Reference No: 30628**

**AP/AL:** Appropriation

**Project Type:** Equipment

**Category:** General Government

**Location:** Statewide

**Contact:** Nancy Slagle

**House District:** Statewide (HD 1-40)

**Contact Phone:** (907)465-3911

**Estimated Project Dates:** 07/01/2004 - 06/30/2006

**Brief Summary and Statement of Need:**

Replacement and/or refurbishment of equipment and vehicles which have reached the end of their useful life cycle and all extension periods and for the continued conversion of vehicles to alternate fuel and related alternate fuel program expenses. This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.

**Additional Information / Prior Funding History:**

FY2004 - \$15,000,000; FY2003 - \$11,800,000; FY2002 - \$11,800,000; FY2001 - \$11,800,000; FY2000 - \$11,800,000; FY1999 - \$10,849,400.

**Project Description/Justification:**

Delay in the established replacement program can result in higher operating costs including increased risk of equipment failure and expensive repairs that are not recoverable in the remaining equipment life. The replacement program also contributes to the safety of the operators in providing the latest technological advances in the industry. The economic life of equipment is constantly monitored by State Equipment Fleet staff to obtain the lowest life-cycle cost possible.

Based on current projections, replacement payments to the Highway Equipment Working Capital Fund (HEWCF) by user agencies will fund this request within 2%. The remaining 2% will be made up from the sale of used equipment, projected to be \$900,000, as well as excess equipment no longer needed. Failure to replace equipment at the appropriate time results in higher operating and life-cycle costs. These higher costs are directly reflected in the operating costs of user agencies.

This is an example of the replacement program in 2004:

- 252 light vehicles
- 17 service vehicles
- 1 heavy vehicle
- 37 heavy equipment
- 48 trailers/support equipment & attachments
- special user accessories such as radios, light bars & sirens, towing hitches
