Project Description/Justification:

South Big Lake Road is currently narrow with width, grade and alignment problems. The realignment will correct these deficiencies and provide a safe, more direct route to the Little Susitna River and Big Lake Recreation Areas and is an element of the Borough's efforts to develop Port MacKenzie. The Borough will assume ownership and maintenance of the Old South Big Lake Road in exchange for the State maintaining the new realignment. The Borough has developed the preliminary design, completed the Right-of-Way acquisition and realigned the intersection of South Big Lake Road and Burma Road.
