None.

**Project Description/Justification:**

The Nome Airport Master Plan was completed in 1996. Since then, there have been several changes in and around the airport. These changes have raised many new issues that will need to be addressed. Contrary to the Master Plan, FAA (Federal Aviation Administration) housing will remain on the airport. This causes several conflicts with the preferred development plan. An update to the existing airport master plan is needed to address those issues and to adjust the Department's course of action.
