**Brief Summary and Statement of Need:**

This project continues the removal of physical barriers to persons with disabilities within state-owned facilities as required by Title II of the Americans with Disabilities Act, Public Law 101-336. Funding covers the cost of design, project administration, and construction. Aside from the legal requirements, removal of physical barriers will negate the need for temporary program modifications which are currently required of the facilities' occupants. OMB allocates available funding to the Department of Transportation (DOT) for state facility ADA compliance projects based upon DOT's prioritized project list. The requested FY2006 funds will continue work from the statewide priority list.
