The purpose of this program is to expand the supply of affordable, low- and moderate-income housing and to strengthen the ability of the state to design and implement strategies to achieve an adequate supply of safe, energy-efficient, and affordable housing.

The projected outcomes are:

- Fund the development gap for affordable rental housing projects, i.e. the difference between project cost and all other sources of funds which are expected to be contributed to the project, including any loan funds that the project's cash flow can support;
- Fund the cost of moderate rehabilitation to homes owned and occupied by lower-income families;
- Fund a portion of the costs associated with the purchase of a modest home by lower-income families;
- Fund a portion of the operating costs of community housing development organizations that are developing affordable housing for lower income families; and

- Other housing needs as specified in the Consolidated Housing & Community Development (HCD) plan and as authorized by HUD under 24 CFR Part 92.

These funds are used to support the development of affordable housing for lower-income families.

This request is based on the block grant amount to be received from HUD and the required 25% matching funds to be provided by AHFC, plus program income accumulated by the program to be used, as mandated by HUD, as additional federal HOME program funds.
