

Deleted - Fairbanks International Airport: Environmental Assessment and Cleanup

FY2006 Request: \$0
Reference No: AMD 38357

AP/AL: Allocation

Project Type: Construction

Category: Transportation

Location: Fairbanks (Denali/University)

Contact: Kip Knudson

House District: Denali/University (HD 8)

Contact Phone: (907)269-0724

Estimated Project Dates: 07/01/2003 - 06/30/2008

Appropriation: Airport Improvement Program

Brief Summary and Statement of Need:

This funding will be used over four fiscal years to complete numerous projects involving airport air, water, and soils compliance in accordance with Federal, State, and Local environmental regulations. Projects include the following: water quality, monitoring, stormwater solutions, air quality permitting, fuel spill response activities, above and underground fuel tank upgrades, solid and hazardous waste management, environmental feasibility studies, remedial corrective actions, site closures, and regulatory response actions to compliance investigations. This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.

Additional Information / Prior Funding History:

FY2004 - \$500,000.

Project Description/Justification:

Compliance with the Clean Water, Clean Air and Hazardous Waste Management Acts is required by Federal Law. Contamination and waste from historical activities and tenant operations must be remediated and/or disposed of properly, in addition to standard ongoing environmental compliance operations. Steps are being taken to reduce future pollution while past contamination is being addressed.
