Project Description/Justification:

This program funds three buses annually for expansion of the People Mover system, and replacement of transit buses. Funding in 2005 and 2006 starts the two year procurement process for replacement buses that will be put into service in 2007 to add 3 new buses to the fleet. Buses have a 12 year (or 500,000 mile) useful life cycle. Future funds in 2007 and in 2009 will start the two-year procurement process for replacement of buses that were put into service in 1996 and in 1999.
