Additional Information / Prior Funding History:

FY2005 - \$3,735,000.

Project Description/Justification:

Funds will be used for purchasing rescue and firefighting vehicles for Northern Region airports. The ARFF (Airport Rescue and Firefighting) vehicle located in Nome is well over 15 years old. The FAA recommends replacing such equipment after 10 years. The ARFF vehicle being pursued is a 3,000 gallon model that will enable improved emergency response in the event of an aviation emergency. Funds will also be used for purchasing vehicles at other airports as needs are identified and as funding allows.
