

Cordova: Airport Runway Safety Area

FY2006 Request: \$8,000,000

Reference No: 40271

AP/AL: Allocation

Project Type: Construction

Category: Transportation

Location: Cordova

Contact: Kip Knudson

House District: Cordova/Southeast Islands (HD

Contact Phone: (907)269-0724

5)

Estimated Project Dates: 07/01/2005 - 06/30/2010

Appropriation: Airport Improvement Program

Brief Summary and Statement of Need:

Deploy engineered material arresting system (EMAS) in Cordova Airport safety areas as FAA pilot project (to obtain 100% Runway Safety area). This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.

Additional Information / Prior Funding History:

None.

Project Description/Justification:

The Cordova Airport has deficient runway safety areas. It has been identified as a good candidate for a test project using an engineered material arresting system (EMAS), in lieu of widening and lengthening its runway safety areas.
