

City of Aleknagik - Float Plane Dock Feasibility Study

FY2007 Request:

\$90,000

Reference No:

41964

AP/AL: Appropriation

Project Type: Planning

Category: Development

Recipient: City of Aleknagik

Location: Aleknagik

Contact: Samuel Thomas

House District: Bristol Bay/Aleutians (HD 37)

Contact Phone: (907)465-2506

Estimated Project Dates: 07/01/2006 - 06/30/2011

Brief Summary and Statement of Need:

This project will fund a float plane dock feasibility study to determine the best location, permitting requirements, conceptual design, final design, and estimated costs for a float plane dock facility.

Additional Information / Prior Funding History:

Project Description/Justification:

The float plane dock facility will move the float plane traffic away from the Wood-Tikchik State Park Recreation Site and put the traffic and noise further away from the center of the community. Currently, there is a conflict between the boat and float plane traffic congested at the Wood-Tikchik State Park Recreation Site. There are also disruptions of the peace and safety concerns with the float plane traffic so close to recreational users of the recreation site. The float plane dock facility would provide a dock and area to load and unload passengers and supplies of float plane operators, such as commercial tourism-based businesses. A feasibility study must be conducted to determine the best location, permitting requirements, conceptual design, and final design.

The estimated cost for the float plane dock project has not been determined.
