Component Budget Summary

Component: Child Protection Legal Svcs

Contribution to Department's Mission

The Child Protective Legal Services component enables the Department to focus funds on the legal proceedings needed for children who have been in custody the longest.

Core Services

The Child Protection Legal Services component provides a small portion of OCS costs for services purchased from the Department of Law to support legal requirements from the point when a child is taken into custody through mandatory, periodic court reviews, and to permanency if all efforts to reunite a child with his or her family fail. This particular component addresses the funding needed when a child cannot be reunified and the child's best interests are supported through adoption.
