

**Ketchikan: Snow Removal Equipment/Sand/Urea Building Construction**      **FY2007 Request: \$1,125,000**  
**Reference No: 40270**

**AP/AL:** Allocation      **Project Type:** Construction  
**Category:** Transportation  
**Location:** Ketchikan      **Contact:** John Torgerson  
**House District:** Ketchikan (HD 1)      **Contact Phone:** (907)269-0727  
**Estimated Project Dates:** 07/01/2006 - 06/30/2011  
**Appropriation:** Airport Improvement Program

**Brief Summary and Statement of Need:**

Expand or construct a new snow removal equipment, sand and chemical mixing and storage building with adequate capacity to house all of the airport's emergency response and snow removal equipment and ice control operations. This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.

**Additional Information / Prior Funding History:**

FY2006 - \$2,875,000.

**Project Description/Justification:**

Ketchikan International Airport operates in a marine environment, which is corrosive to equipment. Protection of emergency response and snow removal equipment is critical to maintaining a reliable, safe and efficient airport. The existing garage is too small to house all of the airport's equipment, ice control supplies and chemical mixing operations. Expensive equipment must be parked outside subjecting equipment to the corrosive affects of sea spray and rain. Construction of adequate garage capacity is a priority to protect equipment and improve the efficiency of airport operations.
