

**Fairbanks: Fire/Police Station Traffic Revision****FY2007 Request: \$500,000****Reference No: 41994****AP/AL:** Allocation**Project Type:** Construction**Category:** Transportation**Location:** Fairbanks Areawide**Contact:** John MacKinnon**House District:** Fairbanks Areawide (HD 7-11)**Contact Phone:** (907)465-6973**Estimated Project Dates:** 07/01/2006 - 06/30/2011**Appropriation:** Transportation Initiative**Brief Summary and Statement of Need:**

Revise the traffic pattern on Cushman Street to allow two-way traffic from 10th Avenue to Gaffney Road. Work includes striping, a new traffic control signal at 12th Avenue, modification to the traffic control signal at Gaffney Road and removal of the Gaffney Road intersection island. This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.

None.

**Project Description/Justification:**

Construction of the new City of Fairbanks Police and Fire Stations requires two-way access on Cushman Street from 10<sup>th</sup> Avenue to Gaffney Road to improve emergency vehicle response times. The existing traffic pattern requires emergency vehicles to travel greater distances, negotiate additional intersections and perform additional turning movements.

Revising the traffic pattern will reduce response times to portions of the City's service area and reduce conflicts with the traveling public.
