

Nunapitchuk: Airport and Access Improvements**FY2007 Request: \$1,500,000****Reference No: 40602****AP/AL:** Allocation**Project Type:** Construction**Category:** Transportation**Location:** Nunapitchuk**Contact:** John Torgerson**House District:** Bethel (HD 38)**Contact Phone:** (907)269-0724**Estimated Project Dates:** 05/16/2007 - 06/30/2012**Appropriation:** Airport Improvement Program**Brief Summary and Statement of Need:**

This is a new FY2007 project. Extend the runway to the length practicable at the existing location including full safety areas. Also install runway and taxiway lighting, improve access road, relocate apron, and construct two single bay snow removal equipment buildings. Boardwalk improvements may also be included in this project. This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.

Additional Information / Prior Funding History:

FY2006 - \$1,500,000; FY2004 - \$1,400,000; FY2002 - \$5,000,000; FY2000 - \$1,200,000.

Project Description/Justification:

Improve the existing Nunapitchuk Airport, currently operated per Federal Aviation Administration Airport Reference Code A-I, to meet standards for A-II airplanes.

Safety and reliability of service will be improved by

- 1) increasing runway and runway safety area length and width to the extent possible by expanding the existing embankment,
- 2) installing runway and taxiway lighting,
- 3) providing Snow Removal Equipment Buildings (SREB) for better snow removal, and
- 4) providing better access to the airport.

The increase in operating and maintenance costs will be approximately \$35,000 per year beginning in FY2009.

The estimated cost for this project has increased to reflect inflation in the construction industry.

This project is scheduled to be advertised in May 2007.
