Additional Information / Prior Funding History:

None.

Project Description/Justification:

The department is requesting a reappropriation of \$9,157,400 in general funds related to culvert and steel pipe contracts. Section 1, ch. 82, SLA 2006, page 107, line 26, appropriated funds to partially fund a road north of Juneau. Contracts were signed in December 2006 to purchase culverts and steel pipe in anticipation of that project receiving Corps of Engineer's approval to proceed with construction. Permit delays make it prudent to reallocate these materials to other projects and the department is seeking flexibility to direct the supplies to other road and bridge construction projects if needed.
