

Agency: Commerce, Community and Economic Development

Grants to Municipalities (AS 37.05.315)

Grant Recipient: Cordova

Project Title:

Cordova - Wash-Down Slab for Boat Haul Out

House District: 5

Funding Amount: \$ 60,000

Brief Summary:

The city needs to construct a concrete wash-down slab with the necessary water, electrical, and sewer connections as well as screening and containment for some of the pollutants associated with cleaning boats.

Funding Plan:

Type of Need: One-Time Need

Prior Funding to Date:

None

Other Funding Requests:

None

Project Description:

The City of Cordova is purchasing a boat lift capable of removing 100 ton fishing vessels from the water for storage and maintenance. All of these vessels will need a location where the vessel bottom can be washed and cleaned. The materials that come from vessel bottom cleaning is often toxic and considered a pollutant. This material must be contained and processed. The city will need to construct a concrete wash-down slab with the necessary water, electrical, and sewer connections as well as screening and containment for some of the materials.
