Other Funding Requests:

MOA has engineering plans drawn up for this project.

Project Description:

Intersection of Bluebell and Goldenview poses a significant safety risk as the road grade is too steep and recent developments in the area have increased traffic volume with nearly 1,000 more houses accessing Goldenview beyond Bluebell. Road safety project was inadvertently left off the MOA legislative priority list and as the project is outside of the Anchorage Road and Drainage Service Area and cannot be funded with local bonds.
