Project Description:

The Eagle River Library has had very little upgrades over the many years they have served the Chugiak / Eagle River community. The library is scheduled to move locations soon. The funding would allow the library to make necessary upgrades to their site by adding to the collection, upgrading the on-site technology including wireless capabilities, enrich the children's facilities and programs, add new equipment and furniture where needed. The library serves a great number of citizens of all ages and the funding would reach a long way through the non-profit group, Friends of the Anchorage Municipal Library.
