Brief Project Description:

Adds new computers and software to improve school instructional programs.

Funding Plan:**Total Cost of Project: \$38,000**Funding Secured*Amount FY*Other Pending Requests*Amount FY*Anticipated Future Need*Amount FY*

There is no other funding needed

Detailed Project Description and Justification:

This project would provide new and updated computers and software for Gladys Wood Elementary School.

Gladys Wood has recently acquired a reading program for students struggling with their reading skills. This software requires an operating system which is only available on a few computers at the school. The computers and software would provide computers for the reading program. The labs could also be used for a math program to help students with their math skills.

Project Timeline:

Computers and software will be purchased as soon as funds would be available. FY 09
