Detailed Project Description and Justification:

The ASYMCA Transportation Program provides shuttle van service at Fort Wainwright. The service is available to all active duty, guard, reserve, retirees and military family members, as well as, civilian employees and contractors on Fort Wainwright. Pick-up and drop-off points include installation gates, hospitals, dormitories, barracks, family housing areas, PX, commissary, morale-welfare and recreation activities and work centers. There is limited service to local bus stops, local shopping malls, and the Fairbanks International Airport. Part of the funding will be used for a total of six drivers at Fort Wainwright and Fort Richardson working from 66 hours to 78 hours per week. The rest will be for operation and maintenance costs such as program administration (i.e. management, supervision, office supplies, etc.), vehicle insurance, vehicle maintenance and fuel for vehicles.
