**Detailed Project Description and Justification:**

The Glacier View School is located along the Glenn Highway, and serves children from Chickaloon to Eureka. Currently the school is unable to provide vocational training opportunities for students despite interest for providing a welding and woodshop program.

A detailed estimate of the supplies needed to provide a vocational training program has been developed by the Matanuska-Susitna Borough School District. This would include the purchase of welding gloves, tanks, goggles, torches & hoses, cables, hardware, and other such equipment.

**Project Timeline:**

Upon receipt of funding, the school would be able to procure equipment in time for the 2008-2009 school year.

**Entity Responsible for the Ongoing Operation and Maintenance of this Project:**

Matanuska-Susitna School District
