One-Time Need

Brief Project Description:

Construction of a 3,200 Foot Snow Fence

Funding Plan:**Total Cost of Project: \$300,000**Funding Secured*Amount FY*Other Pending Requests*Amount FY*Anticipated Future Need*Amount FY*

There is no other funding needed

Detailed Project Description and Justification:

The City of Shaktoolik has a 20 year old snow fence which is rapidly deteriorating. This deterioration prevents the fence from working properly. Snowdrifts are building up very high in some areas including underneath power lines. This poses a serious threat to life and property for the residents of Shaktoolik. The new fence would be approximately 3,200 feet long and replace the old snow-fence.

Re: Legislative Appropriation for Snow-fence Project

Dear Senator Olson..

This letter is in regards to a request for legislative appropriation for a snow-fence to be constructed for the City of Shaktoolik. Currently, our snow-fence is 20 years old and rapidly deteriorating creating a drastic hardship for our community with very high snowdrifts and in places close to our electrical power lines posing a threat to our children. We would like to request funding of \$300,000.00 for snow-fence material and labor for this project. The snow-fence will be approximately 3200' in length replacing the old snow-fence. I am forwarding the cost of the material and freight which I received from Spenard Builder's Supply in Anchorage. Due to electrical lines we would like to consider this an emergency legislative appropriation. We will be awaiting your reply and the very best of luck to you and your staff for the remainder of this session. Thank you.....

Sincerely

Edgar M. Jackson Sr. – Mayor
